15-D0438/QMR.4.CON	4 slots x 71mm each

** Made by special request, alternative configuration

SAMPLE SPLITTERS & TABLE CARRIER TO SUIT ERGOTAINERS

Geo-Con manufacture Splitters of various slot sizes for use with ERGOTAINERS. The different slot size Splitters are made to fit onto a carrier table with a dust reduction rubber 'curtain' under which the ERGOTAINERS are placed as receivers.

For even easier handling Geo-Con can make a Trolley to hold Splitters and Table Carrier

15-D0438/QMRD.C.CON

The ERGOTAINER has numerous advantages over bags and other materials storage systems
