## Concrete Compaction Portable Vibrating Tables

These robustly manufactured vibrating tables conform to the requirements of AS1012.8.1. They have been developed for field use with 12V DC operation, and can be easily handled by one person. Clamping systems are available for cylinder, cube, flexure beam moulds and air entrainment meter bowls. The feet are adjustable to allow leveling. Fitted with a waterproof on-off switch.

- 50hz, 12V DC
- 450 x 450mm
- Adjustable feet

- Light weight, portable
- Optional clamping systems
- Waterproof on-off switch
